

F the FCC. I am paying ten dollars a month to listen to XM radio. For that ten dollars I expect to hear what I want to hear without be censored. Stop wasting your time censoring what people are paying to listen to and try to educate people about what is wrong and right. I know that what I am listening to is inappropriate but it doesn't bother me because I am entertained. I am smart enough to know not to behave inapropiately myself. The problem is a lot of people don't know that. You need to spend your time educating kids and more importantly educating the parents of these children. Stop bothering me and censoring what I want to listen to.

Thank You-

Thomas Emerson Tenney
